1. Since the submission of reference (A), when contacted, Detective (b)(6), (b)(7)(C) Metropolitan Police Department (MPD), Washington, DC, advised MPD would not generate a final Report of Investigation involving V/BOORDA. (b)(6), (b)(7)(C) stated he would only be duplicating the NCIS Report of Investigation previously provided to MPD. (b)(6), (b)(7)(C) indicated V/BOORDA's death investigation is closed.

2. On 28APR98, evidence belonging to the U.S. Navy that was still being retained by NCISFO Washington, DC, was returned to a command representative, (b)(6), (b)(7)(C) by Participating Agent (b)(6), (b)(7)(C) and Reporting Agent (RA). The items included the following: one IBM Selectric III Typewriter, one typewriter ribbon and corrective tape, seized from V/BOORDA's work space, and various miscellaneous handwritten notes, (work related), taken from V/BOORDA's official government vehicle. All items, excluding the typewriter, were destroyed by command in the presence of RA.

3. This Supplemental Report of Investigation was submitted specifically to address the issues discussed above. This investigation remains closed.

Case Summary

1. Since the submission of ref (a), V/BOORDA's treatment record for his emergency admission on 16May96, from Washington, DC, General Hospital (DCGH) was received from Detective (b)(6), (b)(7)(C) Metropolitan Police Department, Washington, DC (MPDC). According to the DCGH Trauma Center-Initial Assessment Report, V/BOORDA's vital signs were not responsive at the time of his arrival at DCGH. A copy of V/BOORDA's DCGH treatment record is exhibit (1).

2. On 01Aug96, a Consultation Report from the Armed Forces Institute of Pathology (AFIP) was received. The AFIP concurred with the Office of Chief Medical Examiner (OCME), District of Columbia, that the cause of V/BOORDA's death was a contact wound to the chest and the manner of death as suicide. Details are contained in exhibit (2).

3. On 16-17May96, as reported in ref (a), a death scene examination was conducted at the East grounds of the residence of V/BOORDA, Quarters A/Tingey House, Washington Navy Yard (WNY), Washington, DC. Photographs of the death scene to include views of the recovered revolver were taken by MPDC, on 16May96. Death Scene photographs taken by MPDC personnel are provided as exhibit (3). A death scene examination photographic summary is provided as exhibit (4).

4. As per ref (a), on 16May96, an examination of the study, (chamber 8), of V/BOORDA's residence, was completed. Photographic coverage of the study to include photographs of the two typewritten notes, one addressed to (b)(6), (b)(7)(C) and "To My Sailors", and a second addressed to (b)(6), (b)(7)(C) are contained in exhibit (5).

5. On 17May96, also reported in ref (a), an autopsy of V/BOORDA was conducted at the OCME, for the District of Columbia. Autopsy Photographs are provided as exhibit (6).

6. On 09Aug96, a Federal Bureau of Investigation (FBI), Special Search Techniques (SST) Team report regarding assistance rendered

on 17May96, was received. The report documents methods utilized via graphs and plots exactly where a spent round, suspected .38 caliber bullet, was located in the East lawn area near V/BOORDA's residence. A copy of the SST Team report is exhibit (7).

AGENT'S NOTE: Although page 1 of the FBI report states a spent bullet was successfully located, paragraph 47 of ref (a), exhibit (69) pertains, the MPDC Laboratory report concluded it (the bullet) had insufficient individual microscopic markings present to identify or eliminate it as having been fired from the recovered revolver. Additionally, pages 6 and 7, (Plot I and Plot II), of the FBI report, state that a .38 caliber bullet was recovered. The aforementioned MPDC Laboratory report concluded the recovered bullet was either a .38 Special or .357 Magnum bullet.

6. On 26Aug96, a FBI Laboratory Report of Examination was received regarding nitric acid swabs taken from V/BOORDA's hands and the hands of (b)(6), (b)(7)(C)

The FBI Laboratory concluded that swab specimens taken from the left hand of V/BOORDA contained barium, antimony, and lead. As a result, the FBI Laboratory reported certain swab specimens from V/BOORDA were found to contain chemical elements consistent with him having handled and discharged a firearm using his left hand or that hand otherwise being in close proximity to a firearm when it discharged. After examining swab specimens taken from (b)(6), (b)(7)(C) it could not be determined if (b)(6), (b)(7)(C) was in an environment where gunshot primer residue was present. The weapon seized from the scene, a .38 caliber Smith and Wesson revolver, Model 649, serial number AYV2602 was test-fired in the FBI Laboratory. Significant amounts of barium, antimony, and lead were deposited on the test-shooter's hand(s) in all tests. Amplifying details are contained in exhibit (8), a FBI Laboratory Report of Examination.

7. After completion of all logical leads, this investigation is closed. The MPDC was the lead investigative agency. Exhibits (2), (4), and (6), were previously provided to MPDC. When completed, the final MPDC Report concerning V/BOORDA's death will be contained in a Report of Investigation (SUPP).

SUPP: CHIEF OF NAVAL OPERATIONS

COMMAND/NDW WASHINGTON, DC/00171

MADE AT/DCWA/WASHINGTON, DC (b)(6), (b)(7)(C) SPECIAL AGENT

CASE SUMMARY

1. Investigation was initiated on 16May96, following receipt of information at approximately 1400 from Naval District Washington (NDW), Police that V/BOORDA had been found lying on his back in a grassy area on the grounds of his residence (Quarters A/Tingey House, east lawn area, Washington Navy Yard), suffering from a gunshot wound. Upon arrival at the scene minutes later, Metropolitan Police Department Washington, DC, (MPDC) personnel had secured the scene and V/BOORDA was enroute to DC General Hospital (DCGH). V/BOORDA reportedly suffered a single gun shot entrance wound to the middle of his chest. At the scene, it was agreed that MPDC would be the lead investigative agency. Naval District Washington Fire Department (NDWFD) personnel reportedly attempted to resuscitate V/BOORDA by performing CPR at the scene prior to transporting him. Subsequently, V/BOORDA was pronounced dead at DCGH at approximately 1430 by the head of the Trauma Department. MPDC swabbed V/BOORDA's hands via the use of nitric acid swabs. Medical personnel confirmed the gunshot wound to V/BOORDA's chest resulted in an exit wound on his back. Detective (b)(6), (b)(7)(C) Homicide Branch, provided corresponding MPDC reports for distribution and a Washington, DC, Fire Department (DCFD) report which are attached as exhibits (1) through (13).

2. On 16May96, a death scene search of the East lawn area and vicinity was conducted. A Smith & Wesson .38 caliber five shot revolver, model 649, serial #AYV2602 was recovered near V/BOORDA's feet, loaded with four live rounds of .38 Special cartridges, Winchester brand, and one cartridge case/shell under the hammer was recovered. On 17May96, NCISFO Washington, DC, Crime Scene Response Team and Federal Bureau of Investigation's (FBI) Special Search Team, Quantico, VA, continued the search for the spent round of ammunition. On 17May96, a lead bullet was found in the East lawn area which was subsequently seized by MPDC. A results of Death Scene Examination with appropriate MPDC reports to include a sketch of the area, and condition of the cylinder of the revolver is appended as exhibit (14). On 17May96, video coverage of the scene was conducted by Participating Agent (PA) (b)(6), (b)(7)(C) NCISFO Washington, DC. The original 8mm tape was placed into the NCISFO Washington, DC, evidence custody locker under NCIS log #155-96.

3. On 16May96, an examination of the study of V/BOORDA's residence

located on the second floor, revealed a typewritten note addressed to (b)(6), (b)(7)(C) and "To My Sailors." A copy of the note is exhibit (15). A second note was addressed to (b)(6), (b)(7)(C). A copy of the note addressed to (b)(6), (b)(7)(C) is exhibit (16). A piece of paper with typed wording (unsigned/no handwriting) was found in the trash can of the study. A copy of the piece of paper found in the trash can is exhibit (17). The original notes were seized as evidence by the MPDC crime scene technicians. The first note mentioned V/BOORDA was being accused of wearing combat devices on two ribbons which he did not rate. The second note was personal to (b)(6), (b)(7)(C). The piece of paper found in the trash can reads "God bless you all," nothing further. Additionally, a Packard Bell CPU Legend 300CD, serial #842051111, one Packard Bell Monitor, serial #10121561, one Hewlett Packard Deskjet printer, one STU key #STUN2000113269, and four 3.5" Diskettes, were seized from the study for later review. The foregoing seized items were placed into the NCISFO Washington, DC, evidence custody locker under NCIS log #150-96. A results of scene examination of study is exhibit (18). A sketch of the study is exhibit (19). A blue print/drawing of Tingey House to include the study, (chamber #8), is exhibit (20). MPDC Supplementary Evidence Reports are provided as exhibit (21).

4. On 16May96, (b)(6), (b)(7)(C) for V/BOORDA, was interviewed by PA (b)(6), (b)(7)(C) NCISFO Washington, DC, and Detective (b)(6), (b)(7)(C) MPDC. On 16May96, after completing a dry run to the White House, (b)(6), (b)(7)(C) learned V/BOORDA had just departed the Pentagon by driving himself in his official vehicle. Shortly thereafter, (b)(6), (b)(7)(C) advised he was given a ride to the CNO's residence aboard WNY, by (b)(6), (b)(7)(C) indicated he noticed V/BOORDA's vehicle was parked in front of his residence. (b)(6), (b)(7)(C) advised that he turned the vehicle around with the front facing the exit gate. Sometime later, (b)(6), (b)(7)(C) noticed V/BOORDA walking alone in the garden area of the residence. (b)(6), (b)(7)(C) stated he called (b)(6), (b)(7)(C) and informed him. While talking to (b)(6), (b)(7)(C) from inside the official vehicle on a cellular telephone, (b)(6), (b)(7)(C) stated he noticed V/BOORDA fall over into the grass. (b)(6), (b)(7)(C) explained since he was sitting in V/BOORDA's official vehicle and looking through the rear view mirror, he could only see V/BOORDA from the waist down before he fell. (b)(6), (b)(7)(C) related he responded to where V/BOORDA had fallen and noticed a hole in V/BOORDA's chest and a gun lying near his feet. (b)(6), (b)(7)(C) stated he ran over to post #2 and requested an ambulance be called and then he returned to V/BOORDA's side where he initiated CPR with (b)(6), (b)(7)(C) (infra). A copy of (b)(6), (b)(7)(C) first sworn statement is exhibit (22). PA (b)(6), (b)(7)(C) swabbed the hands of (b)(6), (b)(7)(C) utilizing an Atomic Absorption Analysis Kit. The swabbings were placed into the NCISFO Washington, DC, evidence custody locker under log #147-96 and subsequently transferred to MPDC custody control for laboratory analysis.

5. (b)(6), (b)(7)(C) was re-interviewed on 17May96. (b)(6), (b)(7)(C) stated he has never been directed or carried a firearm while assigned to the CNO. (b)(6), (b)(7)(C) stated V/BOORDA did not carry weapons to work when he was

6. On 16May96, (b)(6), (b)(7)(C) Marine post #2, (Latrobe Gate-8th and M ST's SE), was interviewed by Detective (b)(6), (b)(7)(C) MPDC. On 16May96, (b)(6), (b)(7)(C) stated he saluted and waived V/BOORDA through the Latrobe Gate, at approximately 1320. According to (b)(6), (b)(7)(C) V/BOORDA drove himself alone in his official vehicle. (b)(6), (b)(7)(C) advised he observed V/BOORDA park and exit the vehicle and go inside his residence. According to (b)(6), (b)(7)(C) a short time later, (b)(6), (b)(7)(C) supra) arrived at his gate. After some time, (b)(6), (b)(7)(C) stated V/BOORDA's driver turned the CNO's vehicle around in the driveway. Later, (b)(6), (b)(7)(C) indicated he heard what he thought was a gunshot coming from the area of V/BOORDA's residence. Suddenly, (b)(6), (b)(7)(C) advised, (b)(6), (b)(7)(C) came yelling at him to call 911, stating V/BOORDA has been shot in the chest. A copy of (b)(6), (b)(7)(C)'s sworn statement is exhibit (24).

7. On 16May96, (b)(6), (b)(7)(C) Naval District Washington (NDW), was interviewed by PA (b)(6), (b)(7)(C) NCISFO Washington, DC, and Detective (b)(6), (b)(7)(C) MPDC. (b)(6), (b)(7)(C) remarked on 16May96, while walking north toward the visiting Flag Quarters, he observed (b)(6), (b)(7)(C) running toward Marine post #2. Subsequently, (b)(6), (b)(7)(C) advised (b)(6), (b)(7)(C) then notified him V/BOORDA had been shot. (b)(6), (b)(7)(C) stated he sprinted behind the driver to the east end of the garden of V/BOORDA's residence. (b)(6), (b)(7)(C) related (b)(6), (b)(7)(C) opened V/BOORDA's shirt and applied pressure over V/BOORDA's wound via the use of a tie. (b)(6), (b)(7)(C) commented both (b)(6), (b)(7)(C) and he commenced to perform CPR on V/BOORDA. In conclusion, (b)(6), (b)(7)(C) stated he never heard a gunshot. A copy of (b)(6), (b)(7)(C) sworn statement is exhibit (25).

8. On 16May96, (b)(6), (b)(7)(C) Civilian, NDW Police Department, was interviewed by PA (b)(6), (b)(7)(C) NCISRU Andrews Air Force Base, Camp Springs, Maryland. According to (b)(6), (b)(7)(C) at approximately 1400, on 16May96, he was informed by Officer (b)(6), (b)(7)(C) that V/BOORDA had been shot. Upon hearing the news, (b)(6), (b)(7)(C) stated he immediately responded to V/BOORDA's residence. (b)(6), (b)(7)(C) advised he arrived at the scene at approximately 1402. Once at the scene, because he did not know what to expect, (b)(6), (b)(7)(C) stated he removed the shotgun from his police cruiser and conducted a search of the perimeter of V/BOORDA's residence. While walking toward the east side of V/BOORDA's residence, it was then that (b)(6), (b)(7)(C) stated he observed V/BOORDA lying in the prone position on his back with his hands extended out to his sides. (b)(6), (b)(7)(C) remarked V/BOORDA's feet were facing east and his head was facing west. (b)(6), (b)(7)(C) indicated he witnessed (b)(6), (b)(7)(C), and the (b)(6), (b)(7)(C) performing CPR on V/BOORDA. (b)(6), (b)(7)(C) stated he then motioned for the NDW Fire Department (NDWFD) and paramedics to come over to the scene. (b)(6), (b)(7)(C) related he observed a .32 or .38 caliber revolver positioned near V/BOORDA's right foot with the barrel facing in an eastward direction. Amplifying details are

network drives to which V/BOORDA had access, revealed no pertinent information. No floppy disks were found in or around V/BOORDA's office. The search of the remaining areas of the office resulted in the seizure of an IBM Selectric III typewriter, NMPC barcode #62980304329, as well as a ribbon and correction tape from same. The aforementioned items were placed into the NCISFO Washington, DC, evidence custody locker under NCIS log #149-96 and #152-96. Subsequently, all seized items were transferred to MPDC evidence custody control for laboratory examination. A results of the search of V/BOORDA's office is exhibit (40).

23. On 17May96, the personal computer of V/BOORDA was reviewed by PA (b)(6), (b)(7)(C) NCISFO Washington, DC, in an attempt to determine if the notes found in V/BOORDA's study had been composed on the computer. The examination/review did not confirm if the notes in question had been created on this computer. A review of V/BOORDA's computer is exhibit (41).

AGENT'S NOTE: The examination would not be able to verify that the notes had been composed on this computer if the notes had been printed without saving the file.

24. On 17May96, PA's (b)(6), (b)(7)(C) returned all computer equipment, (NCISFO Washington, DC, evidence custody log #150-96), seized from V/BOORDA's residence on 16May96. All items were signed for by (b)(6), (b)(7)(C) USN. A results of disposition of the evidence is exhibit (42).

25. A copy of the MPDC/911 dispatch log was received from Detective (b)(6), (b)(7)(C) Homicide Unit. A review of the MPDC/911 dispatch log revealed the call was received at 1400 and V/BOORDA was transported from his residence enroute Washington, DCGH at 1419. A copy of the log is exhibit (43).

26. On 22May96, (b)(6), (b)(7)(C) NDWFD, provided a copy of the NDWFD dispatch log. A review of the NDWFD dispatch log disclosed the call was received at 1401 and V/BOORDA was transported from his residence enroute DCGH at 1416. A copy of the NDWFD dispatch run is exhibit (44). A copy of the tape of the NDWFD dispatch response to V/BOORDA's residence is maintained in the case file.

27. On 17May96, (b)(6), (b)(7)(C) VCNO, Pentagon, was interviewed by PA (b)(6), (b)(7)(C) stated he attended a meeting with several other staff members on 16May96, at V/BOORDA's office. (b)(6), (b)(7)(C) related the meeting was centered around a JAGMAN investigation of an accidental death and lasted until about 1130. (b)(6), (b)(7)(C) advised he heard V/BOORDA tell (b)(6), (b)(7)(C) to put a draft message regarding a NAVOP that V/BOORDA was going to work on in his weekend bag. Regarding their meeting, (b)(6), (b)(7)(C) described the CNO as focused and in good spirits at

Newsweek regarding V/BOORDA's authorization/certification to wear the combat V's. According to (b)(6), (b)(7)(C) historically V/BOORDA's response to bad news was to sigh and instantly respond by stating how we are going to fix it. A copy of (b)(6), (b)(7)(C) sworn statement is exhibit (54).

35. On 22May96, (b)(6), (b)(7)(C) Navy Judge Advocate assigned to the CNO, was interviewed by SAC (b)(6), (b)(7)(C) and RA. (b)(6), (b)(7)(C) stated V/BOORDA arrived at the Pentagon at approximately 0945 on 16May96. (b)(6), (b)(7)(C) stated he, along with others, attended a meeting which commenced at approximately 1000, on 16May96. The meeting was designed to brief the CNO on the progress of a JAG Manual investigation into an accidental death aboard a ship. During the meeting, V/BOORDA tasked himself to work on a NAVOP (Navy message) addressing the completeness of Jag Manual investigations the coming weekend of 18-19May96. A flag slating meeting was next on V/BOORDA's schedule, but (b)(6), (b)(7)(C) does not attend that meeting. (b)(6), (b)(7)(C) stated he returned to his office and was later contacted by the front office to report to V/BOORDA's office. At this time (approximately 1145-1200), (b)(6), (b)(7)(C) was briefing the CNO on a proposed Newsweek interview concerning V/BOORDA's authorization to wear the Combat Distinguishing Device or "V" on two Vietnam era awards. CAPT Lafleur was also present. During the meeting, (b)(6), (b)(7)(C) played a tape he described as a conversation between himself and (b)(6), (b)(7)(C) concerning the "V's." V/BOORDA reportedly stated "We will tell them the truth." A short time later, V/BOORDA stated he was going to go home for lunch rather than eating at the office. (b)(6), (b)(7)(C) advised they looked for the CNO's driver but later learned he was conducting a dry run to the White House in preparation for CNO's scheduled meeting with the President at 1600. (b)(6), (b)(7)(C) related he accompanied V/BOORDA and his Navy aide, (b)(6), (b)(7)(C) to the Pentagon Mall entrance. (b)(6), (b)(7)(C) stated when they walked out of the Pentagon, they observed the CNO's official vehicle parked in its assigned space. (b)(6), (b)(7)(C) remarked that (b)(6), (b)(7)(C) gained access to the vehicle by using the electronic key code. (b)(6), (b)(7)(C) advised the keys were in the ignition and they did not see the driver. (b)(6), (b)(7)(C) stated (b)(6), (b)(7)(C) offered to drive, but V/BOORDA insisted it was not necessary, that he would drive himself. (b)(6), (b)(7)(C) explained that it was not unusual for V/BOORDA to drive himself and that he fully expected V/BOORDA to return to his scheduled meetings. A copy of (b)(6), (b)(7)(C) sworn statement is exhibit (55).

AGENT'S NOTE: Although (b)(6), (b)(7)(C) were interviewed on 22May96, their statements were not signed until 24May96, due to other commitments in their schedule.

36. On 24May96, PA (b)(6), (b)(7)(C) NCISHQ, provided a copy of the Armed Forces Institute of Pathology (AFIP) Report of Toxicological Examination pertaining to the autopsy of V/BOORDA

(Exhibit (56) pertains). The report lists trace amounts of the following items: pseudoephedrine, phenylpropanolamine, and doxylamine. (b)(6), (b)(7)(C) USN, explained these chemicals are commonly found in antihistamines and over the counter sleeping medications. (b)(6), (b)(7)(C) opined since these items were found in small amounts in the urine specimens and not in blood specimens, it is consistent with them having been taken the day before V/BOORDA's death. On 30May96, (b)(6), (b)(7)(C) provided a memorandum for the file recording of his observations at V/BOORDA's autopsy, on 17May96 (Exhibit (57) pertains).

37. On 28May96, (b)(6), (b)(7)(C) (b)(6), (b)(7)(C) Office of CNO, was interviewed by PA (b)(6), (b)(7)(C) (b)(6), (b)(7)(C) stated at approximately 0600, 16May96, V/BOORDA telephoned him in the office from his residence and asked that his (V/BOORDA'S) 0900 appointment be pushed back to 1000. (b)(6), (b)(7)(C) remarked he first saw V/BOORDA when he arrived at the office on 16May96, at approximately 0945-1000. According to (b)(6), (b)(7)(C) V/BOORDA was in meetings from 1000 to a little past 1100, and then another meeting occurred from that point to about 1210. Finally an additional meeting took place with Admiral (b)(6), (b)(7)(C) during which they discussed an upcoming visit that afternoon with Newsweek. Newsweek reporters wanted to speak with V/BOORDA about certain decorations he had worn. (b)(6), (b)(7)(C) commented V/BOORDA seemed frustrated about this matter; however, according to (b)(6), (b)(7)(C) V/BOORDA stated, "we will simply tell the truth". The meeting lasted from approximately 1210-1230. Upon completion of the meeting, V/BOORDA advised he was going to go home for lunch. (b)(6), (b)(7)(C) stated he adjusted V/BOORDA's schedule at his request and pushed back the interview with Newsweek until 1400. A copy of (b)(6), (b)(7)(C) sworn statement is exhibit (58).

38. On 28May96, (b)(6), (b)(7)(C) (b)(6), (b)(7)(C), was interviewed by PA (b)(6), (b)(7)(C) (b)(6), (b)(7)(C) advised the first time he saw V/BOORDA, on 16May96 was approximately 0950. (b)(6), (b)(7)(C) stated V/BOORDA's demeanor appeared to be normal when he arrived. (b)(6), (b)(7)(C) stated just before 1300, he was notified to come over with V/BOORDA's driver to the Executive Assistant's (EA's) office. (b)(6), (b)(7)(C) explained the driver was conducting a dry run to the White House and was unavailable. (b)(6), (b)(7)(C) stated, he along with (b)(6), (b)(7)(C) proceeded to walk with V/BOORDA to the parking area. (b)(6), (b)(7)(C) stated once they arrived at the parking area, he noticed V/BOORDA's official vehicle was parked in the assigned space. (b)(6), (b)(7)(C) stated the driver was not with the vehicle so he gained access to the vehicle by use of the cipher lock. (b)(6), (b)(7)(C) advised the keys were in the ignition and he volunteered to drive V/BOORDA home. (b)(6), (b)(7)(C) related V/BOORDA refused his offer and drove himself. (b)(6), (b)(7)(C) stated he returned to the EA's office and then found the driver. At about 1315-1325, on 16May96, (b)(6), (b)(7)(C) stated he drove (b)(6), (b)(7)(C) to V/BOORDA's residence. (b)(6), (b)(7)(C) stated he dropped off the driver and returned to the Pentagon. (b)(6), (b)(7)(C) shortly after returning to the office, (b)(6), (b)(7)(C) advised he paged

the driver to find out what was happening. The driver reportedly telephoned him on his (the driver's) government issued cellular telephone and indicated that he was going to turn V/BOORDA's vehicle around in the driveway. The driver advised he would call again when he and the CNO would be departing the residence. Subsequently, (b)(6), (b)(7)(C) remarked he telephoned the driver because it was getting close to a scheduled meeting. During this conversation, the driver reportedly told (b)(6), (b)(7)(C) that V/BOORDA had just come out of the quarters and was going back toward the garden. The driver further advised he could see V/BOORDA's legs under a hedge in his mirror. Next, (b)(6), (b)(7)(C) stated, as they were talking the driver stated "on snit! Gotta go!" and then the phone went dead. Later, (b)(6), (b)(7)(C) related he learned of V/BOORDA's shooting and he responded to Tingey House (V/BOORDA's quarters). A copy of (b)(6), (b)(7)(C) sworn statement is exhibit (59).

39. On 28May96, (b)(6), (b)(7)(C) Office of CNO, Pentagon, was interviewed by PA (b)(6), (b)(7)(C) (b)(6), (b)(7)(C) (b)(6), (b)(7)(C) stated on 16May96, she telephoned V/BOORDA's quarters between 1300-1330 and spoke with (b)(6), (b)(7)(C) (b)(6), (b)(7)(C) USN. (b)(6), (b)(7)(C) explained the purpose of the telephone call was to discuss arrangements for a reception scheduled for 23May96. During the telephone call, (b)(6), (b)(7)(C) advised she heard V/BOORDA say "Hello." (b)(6), (b)(7)(C) remarked she continued to talk to (b)(6), (b)(7)(C) and did not respond to V/BOORDA. According to (b)(6), (b)(7)(C) her telephone conversation with (b)(6), (b)(7)(C) lasted approximately 8-10 minutes. A results of interview of (b)(6), (b)(7)(C) is exhibit (60).

40. On 28May96, (b)(6), (b)(7)(C) Office of CNO, was interviewed by PA (b)(6), (b)(7)(C) (b)(6), (b)(7)(C) indicated she first saw V/BOORDA on 16May96 just before 1000. (b)(6), (b)(7)(C) described V/BOORDA's demeanor and attitude as good. (b)(6), (b)(7)(C) explained to the best of her knowledge V/BOORDA did not leave his office until he departed to go home between 1230-1300. A copy of (b)(6), (b)(7)(C) sworn statement is exhibit (61).

41. On 29May96, (b)(6), (b)(7)(C) Naval Historical Center, was interviewed. On 16May96, at approximately 1330, while sitting in his office, he observed a white male in civilian attire (suit) running from V/BOORDA's driveway. (b)(6), (b)(7)(C) stated he then saw the aforementioned individual, with a white male Navy (b)(6), (b)(7)(C) running back toward the driveway. (b)(6), (b)(7)(C) indicated he felt something was not right so he responded to V/BOORDA's residence. When he arrived, (b)(6), (b)(7)(C) related he witnessed the above referenced (b)(6), (b)(7)(C) performing CPR on V/BOORDA. (b)(6), (b)(7)(C) advised he observed what appeared to be a gunshot wound in the center of V/BOORDA's chest. (b)(6), (b)(7)(C) stated he also noted what appeared to be a .357 caliber handgun near V/BOORDA. A copy of (b)(6), (b)(7)(C) sworn statement is exhibit (62).

42. On 29May96, (b)(6), (b)(7)(C) Pentagon, was interviewed by PA (b)(6), (b)(7)(C)

(b)(6), (b)(7)(C) advised due to other commitments he did not have an occasion to see V/BOORDA on 16May96. On 16May96, at approximately 1400, (b)(6), (b)(7)(C) stated he called the Marine guard post #2/Latrobe Gate and was told that V/BOORDA had been shot. A copy of (b)(6), (b)(7)(C) sworn statement is exhibit (63).

43. On 31May96, (b)(6), (b)(7)(C) Special Agent, Naval Criminal Investigative Service (NCIS), Washington, DC, was interviewed. (b)(6), (b)(7)(C) stated (b)(6), (b)(7)(C) advised, approximately six months ago, he offered V/BOORDA a personal five-shot revolver for his residential security aboard WNY. According to (b)(6), (b)(7)(C) V/BOORDA accepted his offer. (b)(6), (b)(7)(C) indicated V/BOORDA stated he would secure the weapon in his residence office (study). On 16May96, (b)(6), (b)(7)(C) advised he was promptly notified V/BOORDA had been shot at his residence and he immediately responded to the scene. Once on the scene, (b)(6), (b)(7)(C) identified the aforementioned five-shot revolver as the one he loaned to V/BOORDA. (b)(6), (b)(7)(C) stated he went into the residence and went by the study where he found two typewritten notes. Furthermore, (b)(6), (b)(7)(C) indicated he realized (b)(6), (b)(7)(C) (b)(6), (b)(7)(C) was in the residence, upstairs. (b)(6), (b)(7)(C) explained because of (b)(6), (b)(7)(C) he was concerned and checked on his well being. Copies of (b)(6), (b)(7)(C) sworn statements are exhibits (64) and (65).

44. On 04Jun96, telephone records from the CNO's office were received from Single Agency Manager, Pentagon Information Technology Services. The telephone records document the times of telephone calls which were made from the CNO's office on 16May96 to various destinations. The telephone records provide times for three calls believed to be related to this investigation. Exhibit (66) provides the details concerning the examination of the records.

45. On 05Jun96, (b)(6), (b)(7)(C) (b)(6), (b)(7)(C) assigned to V/BOORDA, was interviewed. (b)(6), (b)(7)(C) stated he arrived at V/BOORDA's residence at approximately 0700, on 16May96. At or around 0745, (b)(6), (b)(7)(C) informed (b)(6), (b)(7)(C) not to bother V/BOORDA because he was working in his study. (b)(6), (b)(7)(C) advised one of his duties was to clean V/BOORDA's study. According to (b)(6), (b)(7)(C) he did not clean V/BOORDA's study on 16May96, due to (b)(6), (b)(7)(C) s request. (b)(6), (b)(7)(C) indicated he departed the residence enroute to the Commissary aboard Bolling Air Force Base, Washington, DC, at approximately 1330-1400, on 16May96. (b)(6), (b)(7)(C) stated he was at the Commissary for approximately 30 minutes. When (b)(6), (b)(7)(C) returned he was shocked to see police and fire department personnel all around the residence. Shortly thereafter, (b)(6), (b)(7)(C) related he observed V/BOORDA being carried on a stretcher by medical personnel. A copy of (b)(6), (b)(7)(C) s sworn statement is exhibit (67).

46. On 06Jun96, a MPDC Laboratory Report of Handwriting Examination was received. The examination revealed V/BOORDA was

the author of the note addressed both to (b)(6), (b)(7)(C) and to My Sailors as well as the note to (b)(6), (b)(7)(C). Additionally, the examinations of the typewriter and typewriter ribbon obtained from the CNO's office at the Pentagon disclosed that the typewriter was not utilized to author the two notes. A results of handwriting examination is exhibit (68).

47. On 07Jun96, a MPDC Laboratory report regarding a Smith Wesson five shot revolver and a bullet, both recovered from the scene, and V/BOORDA's clothing was provided by Detective (b)(6), (b)(7)(C). The revolver was found to be in normal operating condition. A .38 Special cartridge case taken from the revolver was identified as having been fired from same. The recovered bullet, either a .38 Special or .357 Magnum lead bullet, was fired from a barrel rifled with five grooves, right twist. Although, the rifling impressions on the bullet are like those produced by the revolver, it has insufficient individual microscopic markings present to identify or eliminate it as having been fired from the revolver. Gunshot residue was found on V/BOORDA's uniform shirt and black uniform jacket. The examination further disclosed that residues and physical effects consistent with a contact wound were found on the front holes of Victim Boorda's white uniform shirt. A results of examination is exhibit (69).

48. On 07Jun96, a copy of V/BOORDA's Report of Autopsy was received from (b)(6), (b)(7)(C) Chief Medical Examiner, Office of Chief Medical Examiner (OCME), 1910 Massachusetts Ave, BLDG #27, Washington, DC. (b)(6), (b)(7)(C) determined V/BOORDA's cause of death to be a gunshot wound to the chest and the manner of death to be suicide. A copy of V/BOORDA's Autopsy Report is exhibit (70). PA (b)(6), (b)(7)(C) and Detective (b)(6), (b)(7)(C) attended the autopsy. Copies of their observations/reports concerning V/BOORDA's autopsy are appended as exhibits (71) and (72).

49. On 11Jun96, (b)(6), (b)(7)(C) OPNAV Services and Security Division, Pentagon, provided the telephone records for the cellular telephone in the CNO's official vehicle (b)(6), (b)(7)(C) and (b)(6), (b)(7)(C)'s government issued cellular telephone (b)(6), (b)(7)(C). The telephone records for CNO's official vehicle are consistent with a telephone call placed by the driver for the CNO, (b)(6), (b)(7)(C), supra, who called the CNO's office at 1353, on 16May96. During this time frame, (b)(6), (b)(7)(C) observed V/BOORDA falling to the ground in the East lawn area. A review of telephone records is exhibit (73).

50. This reciprocal investigation is being conducted with the MPDC with assistance provided by the FBI Special Search Team, Quantico, VA. All exhibits to this report have been previously provided to MPDC or received from MPDC. Investigation is pending results of gunshot residue (GSR) test analysis by the FBI Laboratory, receipt DCGH treatment records of V/BOORDA, and receipt of photographs of the death scene, the study, and the autopsy.

REPORT:

TERMINAL EVENT:

Thursday, May 16, 1996, at approximately 2:00 p.m., members of the First District, received a radio assignment for the report of a shooting at the Navy Yard, located at 901 M Street, Southeast. As units responded to the scene, further information provided directed the officers to enter the 'Latrobe Gate' entrance at 8th Street & M Street, Southeast. Upon their arrival to the scene, the officers were directed to Quarters 'A', which is the residence of Admiral, JEREMY MICHAEL BOORDA, Chief of Naval Operations, U.S. Navy.

Admiral BOORDA was found lying on the ground in the garden in an unconscious suffering from a gunshot wound to chest. Several individuals rushed to the aid of Admiral BOORDA and began administering CPR. D.C. Fire Department, Medic Unit 23, manned by paramedics, (b)(6), (b)(7)(C) / Incident #056054. Admiral BOORDA was transported with CPR in progress to D.C. General Hospital, Emergency Room, where upon arrival was admitted by hospital staff. Admiral BOORDA subsequently expired and was pronounced dead at 2:30 p.m. by (b)(6), (b)(7)(C) of the hospital staff. Admiral BOORDA's remains were subsequently transported by Cruiser 707, manned by technician, (b)(6), (b)(7)(C) to the Office of the Chief Medical Examiner for the

MEDICAL HISTORY/INVESTIGATION:

(b)(6), (b)(7)(C) was sitting in the Admiral's vehicle in the driveway on the telephone, in front of the residence, when he observed from the rear view mirror the Admiral walking around in the garden. (b)(6), (b)(7)(C) vision was partially obstructed which only permitted him limited observation of the Admiral. While still on the car telephone, (b)(6), (b)(7)(C) observed the Admiral collapses to the ground. (b)(6), (b)(7)(C) exited the vehicle and rushed to Admiral BOORDA aid. When (b)(6), (b)(7)(C) arrived at Admiral BOORDA side, he found the Admiral lying on his back, his arms straight out at his side and the smell of gun powder was in the air. Lying on the lawn a short distance from the Admiral's feet, (b)(6), (b)(7)(C) observed gun. (b)(6), (b)(7)(C) never heard any gunshot.

Preliminary investigation revealed at the time of the shooting, only the driver, housekeeper and one of the Admiral's son was home. The son was in the house along with the housekeeper. There was no one else in the garden area other than the Admiral. The weapon which was recovered was tentatively identified as belonging to Special Agent, (b)(6), (b)(7)(C)

(b)(6), (b)(7)(C) The weapon was kept in the second floor study,

(b)(6), (b)(7)(C) discovered after the shooting two separate letters, which appears to have been prepared by the admiral, in his study on his desk. One letter was address to (b)(6), (b)(7)(C) which expressed his love for her and his remorsefulness. The other letter contain two separate messages. The first message was addressed to a staff member which thanks him and another staff member for their support and his love for them.

The second message was addressed to the entire Navy Fleet. The Admiral admitted that what he was about to do wasn't smart. He asked t"His Sailors" to do the right things and asked them to continued to maintain certain military values. He acknowledged to "His sailors", their were about to be media inquiries concerning his medal citations. He was about to be accused of wearing combat devices on these two ribbons which he believed he was entitled to. Theses devices were the "V" pins which he earned during his tour in Vietnam

As of the Admiral's health, (b)(6), (b)(7)(C) telephone number (b)(6), (b)(7)(C) a physician familiar with the Admiral related there was no medical history of a terminal illness or clinical depression that he was aware of.

SCENE:

The scene of this death, or pronouncement is the emergency room, D.C. General Hospital. The scene where the shooting occurred is located on the grounds of the Navy Yard which is federal reservation located at 901 M Street, Southeast. The Admiral was discovered in the garden located in the rear of his home. The resident is located on the grounds commonly known as Generals Row, Quarters "A". The entrance to this area is accessible at the gate located at the intersection of 8th Street & M Street, Southeast.

The garden area is enclosed by a high concrete barrier wall. The Admiral was discovered lying in the southeast corner of the garden on the grass field. A .38 caliber, Smith & Wesson, five (5) shots stainless steel revolver is observed on the ground near the feet of the Admiral. The weapon was preliminary examined and the cylinder of the weapon was loaded with five rounds of ammunition. There were four (4) live rounds and one (1) expended round in the chamber. The expended round was beneath the hammer of the weapon. There was two separate area of blood stained grass where the Admiral was found at. This scene is general in content, for further documentation refer to the Crime Scene Examination Section Protocol Reports (MCL #96-4172) supplied by Technician, Officer (b)(6), (b)(7)(C)

BODY:

The body was observed at the emergency room, D.C. General Hospital, by Detective (b)(6), (b)(7)(C) Homicide Branch, nude, lying supine on a gurney in the emergency room of D.C. General Hospital. The body is warm to the touch and there are no signs of rigor or lividity. The pupils are dilated and even. There is an entrance gunshot wound, midline to the chest between the nipples. There is a corresponding exit gunshot wound on the left side of the back, slightly to the left of midline, approximately level or slightly lower than the entrance wound. There is blood on the back and on the palm of the right hand. There is also apparent gunpowder residue on the web of the thumb and the index fingers of both hands.

In addition, there is also apparent gunpowder residue on the Admiral's left palm. There is cyanosis under the finger nails of both hands. The body was orally intubated and there were intravenous lines in both forearms. There were also electrocardiogram pads attached to the right chest, the left chest and the left side. Finally, there was a thoracotomy incision across the left chest.

14. STATEMENT

Q. Ofc. Barksdale, this Office is investigating the shooting death of Admiral Jeremy Boorda, which occurred today at his residence. Will you please tell me what you know about this offense?

A. On today's date at about 1403 hrs, I monitored a radio run for a shooting at 8th & M St. S.E., the Navy Yard. I advised the Dispatcher that I was responding. Upon arriving on the scene, a Navy Staff female, (b)(6), (b)(7)(C) that the Admiral had been shot and that there were people with guns all around. We asked where the shooting had happened and she pointed toward the back side of the residence where we located his body. I advised (b)(6), (b)(7)(C) of what she had told me. There were people coming from every direction, and we managed to get back there where the Decedent was, and found him lying on the ground. He was suffering from an apparent gun shot wound in the area of the chest. Medics were already on the scene administering aid, and an Ambulance came and took him to the Hospital. I secured the scene and waited for Homicide and Mobile Crime. When I arrived, there was already a Sgt. from the Naval Services Police on the scene, actually there were military personnel all over the scene trying to secure the premises and crime scene.

Q. When you arrived, did anyone except the Cpl. tell you what had occurred?

A. As far as I can remember, she was the only one who told me that the Admiral had been shot. She was actually the only person that I talked to until my Officials arrived and we learned more facts during the investigation.

Q. Did you observe a weapon in the vicinity of the Decedent's body?

15. I HAVE READ THIS STATEMENT GIVEN BY ME OR HAVE HAD IT READ TO ME. I FULLY UNDERSTAND IT AND CERTIFY THAT IT IS TRUE AND CORRECT TO THE BEST OF MY KNOWLEDGE AND RECOLLECTION. "I UNDERSTAND THAT MAKING OF A FALSE STATEMENT IS PUNISHABLE BY CRIMINAL PENALTIES (D.C. CODE SECTION 22-2514)"

NARRATIVE: GIVE A SYNOPSIS OF CASE INVESTIGATION SUBSEQUENT TO THE LAST REPORT, WITH PERSONS INTERVIEWED, NEW LEADS, AND OTHER INFORMATION ON CASE PROGRESS.

On May 16, 1996 the Undersigned Detective monitored a radio broadcast for a shooting on the grounds of the Washington Navy Yard. The undersigned Detective arrived on the scene and observed Navy medical personnel taking a person towards an ambulance. I was then directed by First District Detective (b)(6), (b)(7)(C) to interview a Navy Lt by the name of (b)(6), (b)(7)(C) had blood on his hands and would not talk with Detective (b)(6), (b)(7)(C). At this time I approached (b)(6), (b)(7)(C) and he stated that he would like to talk with his superiors before I conducted an interview of him. I stated that this was fine and that I understood but all I need was his name and personal information. (b)(6), (b)(7)(C) then gave me all his personal information.

I was then alerted that the descendants (b)(6), (b)(7)(C) was on the scene and that he was also a Special Agent with NCIS. I stayed with the (b)(6), (b)(7)(C) as much as possible along with Special Agent NCIS (b)(6), (b)(7)(C). At this time the (b)(6), (b)(7)(C) alerted (b)(6), (b)(7)(C) of what had just occurred. (b)(6), (b)(7)(C) stated that (b)(6), (b)(7)(C) was pretty upset and was awaiting the arrival of a NCIS agent to bring her to the Quarters. The undersigned then contacted Fairfax County Police Dispatcher (b)(6), (b)(7)(C) to send a patrol car the (b)(6), (b)(7)(C) residence in Burke Virginia. This completed by tasks on the scene. The following is list of First District Personnel that were also on the scene:

On the above date and time members of the First District received a radio run for the sounds of gunshots and shooting at the above location. Once on the scene a member of the Department of Navy advised that the complainant was in the side yard of the above address in an unconscious state. W-1 who is the driver for C-1 since January stated that this was a very unusual morning because C-1 is never late, but this morning he was responding to the Pentagon. He further stated once they were at the Pentagon C-1 stormed out of a meeting leaving in a hurry taking the vehicle and leaving him behind. W-1 stated that he caught a ride back to C-1's address with someone else. Once back at the address he observed the vehicle in the front yard and assumed his post waiting inside the vehicle for C-1 for any location he had to be. While seated inside the vehicle W-1 states he was on the phone when he observed C-2 in the side yard. W-1 then notified base that the Admiral was out of the house and on the grounds. Moments later while looking through the rear view mirror he observed C-1 in a crouched position and fall to the ground. It was at this time that he responded to C-1's location because he thought C-1 was suffering from a heart attack.

8:A.M. to 5:30 P.M. Tour of Duty:

On Thursday, May 16, 1996, the undersigned responded to the Navy Yard to assist Det. (b)(6), (b)(7)(C) with the investigation of the apparent suicide shooting of Admiral JEREMY MICHAEL BOORDA. After being debriefed by Det. (b)(6), (b)(7)(C) the undersigned was requested to assist Navy investigators in conducting interviews and also to assist with the family.

The decedent carries an address of Quarters A, Washington Navy Yard, 901 M Street, Southeast. This address has two phone numbers, (b)(6), (b)(7)(C). While at this address the undersigned interviewed (b)(6), (b)(7)(C) who resides in off base housing located at (b)(6), (b)(7)(C) phone number (b)(6), (b)(7)(C) has been (b)(6), (b)(7)(C) for the past six years and probably knew as much about the decedent's habits and personal life as anyone outside the family.

(b)(6), (b)(7)(C) doesn't remember the exact time, but he received a phone call from (b)(6), (b)(7)(C) who informed (b)(6), (b)(7)(C) that the decedent would be arriving shortly. (b)(6), (b)(7)(C) did the usual, and opened the gate, and waited by the door for the decedent to arrive. About ten minutes after the phone call from (b)(6), (b)(7)(C) the decedent arrived home. The decedent spoke briefly to (b)(6), (b)(7)(C) gave (b)(6), (b)(7)(C) the keys to the official car and went upstairs. According to (b)(6), (b)(7)(C) the decedent was in his white uniform, and the decedent left his hat inside the vehicle.

About twenty minutes after the decedent went upstairs (b)(6), (b)(7)(C) received a phone call from (b)(6), (b)(7)(C) about an up coming event. During this conversation, which was brief, the decedent picked up on an extension and after he realized the call was not for him, the decedent hung up. This is a common occurrence for the members of the family. About a half hour after the phone call from (b)(6), (b)(7)(C) a call came in from (b)(6), (b)(7)(C) who wanted to talk to the decedent. (b)(6), (b)(7)(C) buzzed the study, then the dressing room, then the bedroom and received no answer in any of these places. At this point (b)(6), (b)(7)(C) went to locate the decedent. When he looked outside he saw the police. According to (b)(6), (b)(7)(C) the only other person home at the time of the decedent's death was the decedent's

Running Resume: (continued) 8:A.M. to 5:30 P.M. Tour of Duty:
Fri. 05/17/96:

The undersigned interviewed (b)(6), (b)(7)(C) (b)(6), (b)(7)(C) phone number (b)(6), (b)(7)(C) (b)(6), (b)(7)(C) No home address was not obtained at this time. (b)(6), (b)(7)(C) stated that he learned of the shooting by telephone and came to the house. He said he last spoke to (b)(6), (b)(7)(C) two days ago and things seemed fine. Nothing was mentioned about the upcoming articles about the decedent. (b)(6), (b)(7)(C) went on to say that (b)(6), (b)(7)(C) who was at home at the time and lived in a room in the upper portion of the house, did not know about (b)(6), (b)(7)(C) ; death. (b)(6), (b)(7)(C) wanted to be with (b)(6), (b)(7)(C) when he found out. (b)(6), (b)(7)(C) and agreed to question (b)(6), (b)(7)(C) and afterward related the following.

(b)(6), (b)(7)(C) told him (b)(6), (b)(7)(C) had an argument the other night. It was unclear to which night (b)(6), (b)(7)(C) might have been referring. (b)(6), (b)(7)(C) also said the decedent never come up to see him when the decedent returned home that day. (b)(6), (b)(7)(C) stated (b)(6), (b)(7)(C) often exaggerated things and blew them out of proportion. (b)(6), (b)(7)(C) had no knowledge of (b)(6), (b)(7)(C) being in a depressed state.

(b)(6), (b)(7)(C) was also at the house and had little to add. She also was not aware of (b)(6), (b)(7)(C) being out of sorts. Again, if needed we will have to get an address at a later date.

(b)(6), (b)(7)(C) was very distraught and said the decedent was to meet with President CLINTON so she had the day free. She did some shopping and attended to errands. (b)(6), (b)(7)(C) blamed the decedent's death on the pressure he was under from the up coming articles. (b)(6), (b)(7)(C) expressed grave concern about the decedent's personal effects and any suicide notes becoming public.

RUNNING RESUME: HO96-554

Sunday, May 19, 1996

Detective (b)(6), (b)(7)(C)

Homicide Branch, Response Squad

Thursday, May 16, 1996 at approximately 2:07 p.m. this writer monitored a radio run for a shooting at 8th & I Streets S.E. This writer called the office via car phone advising Detective (b)(6), (b)(7)(C) who related he, would be responding from the office to the scene. This writer arriving at 8th & I Streets, S.E., was advised by the Marine Guards that the scene was at the Washington Naval Yard, located just inside 8th & M Street S.E. This writer drove down 8th Street and entered the Naval Yard through the Latrobe Gate. Approximately 100 feet inside this gate was a Security Guard House in the middle of the street. This Marine Guard was pointing over to the left. Naval and Marine personnel was observed running back and forth from a garden area that was located just east of a large white house.

This writer walked over towards the scene observing a Naval base ambulance which was parked in the middle of the street. Walking past the main entrance to the house this writer could see a male subject dress in white lying on the grass about 100 feet east of the house. Several medical personnel was observed kneeling down and around this subject dressed in white. One of the individuals to the right was performing cardio pulmonary resuscitation. He was performing chest compressions to the subject down. A Uniform Security Sergeant was observed standing several feet east with a shot gun in his hands. He was yelling to everyone to watch out, and kept repeating that a gun was on the ground at his feet. After speaking with one of the medical personnel who related that the victim's condition was very critical, this writer radio for additional Homicide Personnel to respond along with Mobile Crime.

This writer then observed a D.C. Fire Department Captain run up to the scene and started assisting the others who were rendering aid to the victim. They then removed the victim to D.C. Fire Department Medic Unit # 25 and this writer was advised by the Captain that the subject would be transported to D.C. General Hospital. This writer then notified communications requesting that a unit from the Homicide Branch be dispatched to the hospital to check on the condition and any further investigation that might be requested.

This writer then requested the Naval Security Sergeant to continue to watch and make sure no one touched the weapon and to keep everyone back from this scene. This writer went back towards the house and saw several Marines in front of the front door. A Uniform Officer from the First Police District was located inside the house in the foyer entrance. A house aid was also

EXHIBIT (II)

inside the house and he related that he was trying to secure a loose dog in the house.

This writer was approached by an individual who identified himself as (b)(6), (b)(7)(C) Agent (b)(6), (b)(7)(C) related he was the Assistant Special Agent in Charge of the Naval Criminal Investigative Services, advising this writer that the individual who had been shot was the Chief of Naval Operations. He related that this house was the ADMIRAL and his family's residence, and that the only personnel home at the time of the shooting was the ADMIRAL'S driver and house aid. I requested if he could have one of his agents along with MPD make sure no one else enters the house at this time. Agent (b)(6), (b)(7)(C) then briefed this writer to what he had learned so far into this shooting. The ADMIRAL was at the Pentagon earlier this morning and around noon drove his car home leaving his driver at the Pentagon. The driver had to get a ride back to the house and was sitting in the Lincoln Town Car parked in the drive way when the shooting accord.

A white male individual who appeared to be upset was trying to gain entrance to the front door and I was advised by Agent (b)(6), (b)(7)(C) that this individual was (b)(6), (b)(7)(C) and also a Special Agent with NIS. (b)(6), (b)(7)(C) identified himself as (b)(6), (b)(7)(C) Home Phone # (b)(6), (b)(7)(C) Work Phone # (202) 433-3855 and related he was a Special Agent here with the Naval Criminal Investigative Service. He then started questioning me and Agent (b)(6), (b)(7)(C) to what had occurred. This writer briefly advised him that (b)(6), (b)(7)(C) had been shot and we were conducting a investigation to see what had occurred. I explained the facts that we had so far as well as a gun lying at his feet. Agent (b)(6), (b)(7)(C) then asked what type of weapon. This writer explained it was either a 38 or 357 revolver, silver in color. He related that it was probably his weapon. This writer then questioned Agent (b)(6), (b)(7)(C) to (b)(6), (b)(7)(C) behavior for the past week. He related that (b)(6), (b)(7)(C) had recently been depressed over some news articles, one of which had been in the Navy Times. This writer then escorted Agent (b)(6), (b)(7)(C) out and over to the scene where he viewed the weapon, positively identifying the pistol as his.

Detective (b)(6), (b)(7)(C) arrived on the scene and was briefed to what this writer had developed so far. Detective (b)(6), (b)(7)(C) and Agen (b)(6), (b)(7)(C) were introduced along with several of his agents. Agent (b)(6), (b)(7)(C) offered his assistance and the use of his offices for the purpose of holding and taking statements from the witnesses. He also offered his assistance with processing the evidence recovered at the scene.

This writer then took the driver from the garden scene over to the patio area alongside of the house. He was identified as (b)(6), (b)(7)(C) DOB (b)(6), (b)(7)(C) Marine Corp, assigned to the Pentagon as (b)(6), (b)(7)(C) for the ADMIRAL. He related that he had driven the ADMIRAL to the Pentagon earlier this morning and the ADMIRAL took the car and drove back by himself leaving him at the Pentagon. He got a ride back and was sitting in the car located in the driveway directly in front of the house. He related that he saw the ADMIRALS legs giving out and it appeared than he was collapsing. He was talking on the phone at that time and he believed the ADMIRAL was having a heart attack. He got out of the car and ran back to the garden area and observed the ADMIRAL collapse back onto the ground. He got up to him observing the gunshot wound and the gun by his feet. He took his tie off and

started rendering first aid compressing the wound with his tie. He related that he heard no gun shots and saw no one with the ADMIRAL in the garden area. He was asked if his windows in the car were up or down and he related they were up. He also stated that he could only see the ADMIRALS lower portion because of the bushes that were blocking the upper portion. He observed this through the rear view mirror in the Lincoln Town Car.

A briefing was then held with all of the investigative units at the scene and all of the facts surrounding the shooting at this time was given to everyone. Members of the FBI were present and also render their assistance if needed. A command post was established at the NIS Offices which was just two blocks away from the scene in the Naval Yard. All of the witnesses were kept sepeated and transported over to that Command Center. The following Homicide personnel responded to the scene and assisted with the investigation; Detective (b)(6), (b)(7)(C)

(b)(6), (b)(7)(C)

(b)(6), (b)(7)(C) responded to D.C. General Hospital handling that scene.

Detective (b)(6), (b)(7)(C) took and handled the inside scene located in the ADMIRAL'S house. This writer handled the outside scene which consisted of the garden and south lawn area.

OUTSIDE SCENE:

This scene was located inside of the Naval Yards just east after entering through the gate located at 8th & M Streets Southeast, Washington, D.C. The east lawn and garden area was located east of the house. This area was enclosed by a large concrete wall that ran the entire length on the north and east sides of the garden. The south side also had a wall which runs into the side of a two story garage. Just west of the garage a four foot iron rod fence encloses the west side over to a circle drive way with two gates which were both open directly in front of the ADMIRAL'S quarters. The fence continues on around the west end of the house up to the gate area and wall. The ADMIRAL'S Lincoln Town car with DC tags 140-156 is parked in the drive way facing west directly by the front entrance to his quarters. The south lawn has rose gardens on the south and north sides. The east side just out from the wall has bushes and trees. The north side has a large basket weave fence that separates the lawn and gardens from a greenhouse which is located up and runs adjacent with the northwall. A brick walkway is located on the outside of the grass area just before the garden area and runs completely around the entire yard. There is three (3) concrete benches located on the east, north, and south sides just pass the walkway and in the garden area. Located at the southwest end by the house is several trees which form a barrier with a three foot area open at the bottom of these trees. Directly pass these trees is the front entrance to the quarters and the Lincoln Town Car parked. Directly north of these trees is a patio area with a L shape blue and white canvass canopy with a very large magnolia tree directly in the middle with the canopy built around it. Several lawn chairs and a hot tub is noted on the patio area. Behind this area is the east end of the house which has a large window porch that runs in the front and this side.

The scene that the ADMIRAL was located is directly back in the southeast corner of the grass area. This lawn is well maintained and the grass is approximately one inch in height. When

this writer arrived at the scene, the ADMIRAL was observed by this writer unconscious lying supine on the grass. His head was towards the house (west) and his feet east towards the wall. Directly by his feet and off to the right was a 38 caliber stainless steel revolver. The ADMIRAL was clad in a white uniform and shoes. His shirt was open and blood was noted on the front upper portion. A bullet hole was observed in the top portion of the shirt with powder residue around the hole. After being removed there was two blood areas noted in the grass area which would have been located under his upper body area and also a broken white plastic shirt button.

This writer took several color Polaroid photos of the scene.

A grid search of the entire lawn area was being conducted by Mobile Crime and also NIS and FBI agents with metal detectors trying to locate the spent 38 caliber bullet. This search was discontinued at dark and was to resume the following day at day light. Several Marines were placed as guards around the area to protect the crime scene.

At 6:00 p.m. after Detective (b)(6), (b)(7)(C) finished the inside crime scene, we responded to the NIS office and a briefing was held between NIS, FBI, and MPD, Detective (b)(6), (b)(7)(C) and this writer on what was revealed from the witnesses and the preliminary investigating. Detective (b)(6), (b)(7)(C) advised that two (2) letters had been found inside the house. One of which was addressed to his wife and the second one to a friend and the entire navy fleet. Mobile crime had responded to the hospital and swabbed both hands of the ADMIRAL. There was apparent gunpowder residue on both hands. The ADMIRAL had an entrance gunshot wound which was located directly in the upper middle chest area. An exit wound was described to the Detectives at the hospital as being located in the back area, approximately two inches lower than the entrance wound. The ADMIRAL'S driver hands were also swabbed for gunpowder residue. Taken from the house were the letters, known handwriting samples of the ADMIRAL'S, a computer's hard drive. NIS Agents also responded to the Pentagon and seized from the ADMIRAL'S office was a typewriter and ribbon for the typewriter. Detective (b)(6), (b)(7)(C) signed for the driver's swabs and the letters and this will be turned over to Technician (b)(6), (b)(7)(C) of the Mobile Crime Unit. A copy of the ADMIRAL'S agenda for the day was turned over to Detective (b)(6), (b)(7)(C) by the NIS. The witnesses' statements were read and reviewed before any of the witnesses were let loose. The following is the list of the individuals that statements were obtained from.

INVESTIGATIVE ACTION: DEATH SCENE EXAMINATION

On 16-17May96, a death scene examination was conducted at the grounds East of the residence of V/BOORDA, Quarters "A", 901 M Street SE, Washington, DC 20374. Three agencies participated in the search; the Metropolitan Washington, DC, Police Department (MPD), the Naval Criminal Investigative Service (NCIS) and the Federal Bureau of Investigation (FBI). The Naval District Washington Police Department had secured the scene.

After emergency medical services were rendered, the area was photographed by Participating Agents (PA's). Photographic coverage will be described in a separate Investigative Action (IA) report. The death scene was sketched by MPD Mobile Crime Lab (MCL) personnel. A drawing of death scene showing the positions of two apparent blood stains, a shirt button, a revolver (.38 caliber Smith & Wesson five shot revolver Serial #AYV2602), and V/BOORDA's vehicle is enclosure (1). Enclosure (2) is a drawing of the revolver's cylinder positions as found, showing 1 expended round in the chamber that was aligned with the barrel and 4 live rounds in the remaining chambers.

The area was searched for evidence visually, by metal detectors, and by hand. The exterior search primarily dealt with the Eastern exterior of the residence, the patio, the two East lawns, the greenhouse and small outbuildings, the gardens, and the interior of the fences and the Navy Yard wall.

While searching for the bullet fired into V/BOORDA, a hole was noticed in a window pane of the South side roof of a greenhouse on the grounds located North and West of the site where V/BOORDA was found. [REDACTED] was interviewed and stated that the hole had been there for about six (6) months.

At approximately 1945, a button was found by PA [REDACTED] The button was photographed, its position was sketched, and it was seized by PA [REDACTED] MPD. A drawing showing the position of the button is appended as enclosure (3).

On 17May96, the search continued, including a special search team from the FBI. In this search the two lawn areas East of V/BOORDA's residence were marked off in a grid pattern with red flags. The grid was then systematically searched using a ground penetrating radar, a magnetometer for detection of ferrous metals (those containing iron), and metal detectors for other metals. Flags were placed at locations which indicated positive returns (white flags for metal detector returns and green flags for magnetometer returns. All flagged areas were then hand searched for visible metal evidence, and if no metal was found, the sites were excavated.
